

2023 - 2024 REFRESHER TRAINING PROGRAM

In line with the IMO's World Maritime Day Theme "MARPOL at 50: Our Commitment Goes On", the 2023-2024 program empowers the human element to support efforts towards enhancing pollution prevention, safety at sea and sustainable development, ensuring that the green and digital transition leaves no one behind.

**SKILLS DEVELOPMENT AND
GROWTH MINDSET FOR GREEN
AND DIGITAL TRANSITION
IN THE ERA OF DECARBONIZATION
AND SUSTAINABLE DEVELOPMENT**

41 YEARS OF
VOLUNTARY
ACTION

WE CAN
SAVE
THE SEAS

360° SKILLS
FROM OUR MEMBERS
FOR OUR MEMBERS

#POLLUTION PREVENTION #SAFETY AT SEA #ACCIDENT PREVENTION #DIGITAL AWARENESS & CYBERSECURITY #CREW WELLNESS #CARGO-SPECIFIC HANDLING #ESG/SDGS #SUSTAINABLE FINANCE & INSURANCE #WOMEN IN MARITIME #YOUTH ENGAGEMENT

For 41 years, HELMEPA Maritime Training showcases a unique practice of collective wisdom that fosters voluntary sharing of knowledge, expertise, and technical know-how for the collective benefit through a bottom-up approach, by and for HELMEPA's Members that have increased seven-fold, reaching 2,270 vessels, 315 companies and organizations in Greece and abroad, and 14,000+ seafarers.

Compiled in cooperation with HELMEPA's Training Committee, the program encompasses current or emerging trends in maritime legislation, new technologies and weak areas recorded during PSC inspections.

CERTIFICATES ISSUED
TO PARTICIPANTS

WEBINARS' KEY THEMES

- 1 ABC to SDGs Lab
- 2 Accident Prevention: Managing Risks / Sharing Knowledge
- 3 Best Practices for Improving the Ship-Port Interface
- 4 Containerization / Safe Handling of Containers
- 5 Decarbonizing Shipping: Getting Closer to 2030
